MEDIA PRESS RELEASE

I strongly deny all allegations of any wrongdoing on my part – which have been circulating in the press, following the stand taken by OLAF, the European Anti Fraud Office.

I decided to resign my post as Deputy Mayor and councillor of the Siema Local Council. This to allow me to be free to defend myself , my integrity and reputation. Whilst experiencing a harsh time – shared also by my family members.

I categorically state that I have never received any payment from the Swedish company Swedish Match or ESTOC (European Smokeless Tobacco Council). My role was that of a lobbyist and all my contribution in the matter was above board and regular, in consonance with established practices. Furthermore, I confirm that I was contacted by the foreign party and it was them that set the ball rolling.

I will leave no stone unturned to prove that I am extraneous to the case and demonstrate that Olaf's conclusions are erroneous and seriously baseless – and cannot be substantiated by evidence, not even circumstantial evidence. I strongly feel that OLAF have seriously misinterpreted the evidence they have in hand. I will not, for this moment, try to interpret why such a turn of events may have come about.
